on Mr. Abdul Rahman, the 2nd Magistrate. This arrangement was calculated to relieve the C. J. S. Judge of about 100 Civil Suits in the year or perhaps less.

Under the Circumstances it does not appear likely that more work can be given to Cal. Hill.

The Govt: of India seem to think it probable that the Madras Bank would be able to take the Treasury, in which case further reductions will be made in the Establishment of the Calcutta Branch when the work of the Mint would be considerably lightened. To relieve him to some extent, Mr. Fitzpatrick proposed, & the G. of India approved, of the ~~Branch~~ appointment of a Branch of Inspectors. It was

Calculated that the Arrangements would relieve the 2nd Magistrate's File of about 3000 Cases.

If necessary, Mr. Fitzpatrick said, the 2nd Magistrate's files could be still further lightened by a re-distribution between him and the 3rd Magistrate of the Criminal Judicial business of the C. & M. Dists. when he would have sufficient leisure to attend to Registration and Treasury work.

The whole question was carefully considered by Mr. Fitzpatrick & reported to the Govt. of India, and the arrangements have been in force for a little more than

In a hurry of the case please see note in file 690/87.

On (3) Could the Surveyor do the registration work? If separated from the press work the amount of work is very slight. Are there any fees levied for registration work? elsewhere? believe the registration is purely fees.

The Auditor is at present on leave: his work as Auditor is admitted to be light, and before he was appointed & this appn, Mr. James did the work of Stat Registrar. Fees are paid for the Registration of documents in Bangalore.

I do not think that we could reopen the question unless the Bank made further proposals which for the reasons I.O. they do not seem likely to make.

(9) The Amildar can undertake the Registration, the Head Magistrate will soon give further relief to the 2nd Magistrate and if that is not enough we must ask for Hill to take up some of the cases that now go to the Abdul Rayman. But if the Registrar obtains [illegible] Abdul Rayman would rather keep those duty. How much do fees come to in a month?

Abdul 24-11-88

The fees come to ₹ 382 per month and the recent fees to R243 per month. But I think we should refer to India before appropriating any of this towards salary. The lowest salary, madras is R30 with R50 commission.

I have asked Abdul Rayman he says he would prefer to be appointed Amildar with R50 more (it was proposed recently to make the amildars post with 2nd Mag. on Mr James relieving as to reduce the pay from R70 to R50) If Abdul Rayman were relieved of the Registration, he says he could do the amildars work & the morning while he cannot do the Registrars work

Except during office hours

For the present we may simply relieve
him of Registration work
as it seems in favour of appointing
his head clerk as Sub Registrar
instead of the Amildar - possibly as there
is a chance of the office getting a salary
attached to it - But I think for the
same reason the Amildar has better
understate it.

The Foreign Dept. may be informed that
the orders contained in this No. 1725 Se.

The Inspector-General of Registration,
Civil and Military Station,
Bangalore.

Sir,

I have the honor to request to be informed if the offices of Registrar and Sub-Registrar Civil & Military Station, Bangalore, have, within the past twenty five years, ever been held by the Second Magistrate of the Civil & Military Station, Bangalore. I beg also to be informed whether the offices of Registrar and Sub-Registrar have been separately held these twenty five years, and further, in case the said office or offices have been held with other offices, then the designation of the other offices held along with these offices.

The above information is required for the determination of the validity or otherwise of a document registered in the Salem District (British India) on the strength of a special Power of Attorney executed before the Second Magistrate of the Civil & Military Station Bangalore in

in 1898.

There is no book of reference, I am aware of, giving the above information and in the circumstances, I have ventured to seek the information from the only and authoritative source whence it can be had.

With profound apologies for the trouble given,

I have the honor to be,

Sir,
